D. Pluot-Sigwalt, Museum National d'Histoire Naturelle, 45 rue Buffon, 75005 Paris, France.

In this paper, lectotypes are designated for some species of the Palaearctic Aeliini (Pentatomidae). The specimens are kept at the Museum National d'Histoire Naturelle, Paris (MNHN) and Muzeul de Istorie Naturală "Grigore Antipa", Bucharest (MGAB). Type labels added by the authors are not cited. The following abbreviations are used: h – handwritten label; p – printed label. All specimens under consideration are pinned ones.

## ***Aelia cognata* Fieber, 1868**

*Lectotype* (coll. Noualhier, MNHN): ♀, "Type Fieber" [h], "Type" [p, red].

## ***Aelia cibrosa* Fieber, 1868**

*Lectotype* (coll. Puton, MNHN): ♀, green square, "Escorial" [h].

## ***Aelia furcula* Fieber, 1868**

*Lectotype* (coll. Puton, MNHN): ♂, white square, "♂" [p], "Sarepta" [h].

## ***Aelia henschi* Montandon, 1886**

*Lectotype* (coll. Montandon, MGAB): ♂, "Gorice, Illyrie [h], Schreiber leg. [p]".

Synonym of *Ae. sibirica* Reuter, 1884.

## ***Pentatoma lineolata* Mulsant & Rey, 1852**

*Lectotype* (coll. Mulsant, MNHN): ♂, "Museum Paris, 1943, coll. E. Mulsant" [p].

*Paralectotype* (coll. Mulsant, MNHN): ♀, "Museum Paris, 1943, coll. E. Mulsant" [p].

Current name: *Neottiglossa lineolata* (Mulsant & Rey, 1852).

*Received 2 November 2003*
